Spud – Saskatoon's most popular beaver!

Along the South Saskatchewan riverbank you can see trees with bite marks in them and even, tree stumps where trees once grew!

One beaver, affectionately named "Spud", is photographed and filmed regularly by a local photographer: Mike Digout.

Mike finds Spud close to the [Diefenbaker Centre](#) on campus and recently Spud was photographed standing under a Canadian flag!

Videos of Spud can be viewed [here](#).
