Photo credit: T. Napper

In late spring, Saskatoon has [lilacs in bloom](#) everywhere!

Often found in rows along properties and, the South Saskatchewan riverbank, the sweet fragrance of the flowers in bloom is lovely.

Lilac bushes are a part of the [olive family](#) and their flowers are found in purple, white, pink, “Wedgewood blue”. Some are in two colours like the ones in the photos which are appropriately called “Sensation”!

## Student Support and Advising
