Celebrating our students!

Two EAP students are recipients of the 2022 TESL Sask Student Bursary: Ardalan Askarian and Jennyfer Rodriguez.

Ardalan is an international student from Iran who came to Canada with his mother to study at the University of Saskatchewan and find new opportunities for his future. Ardalan completed his English proficiency at the Language Centre and is currently studying Computer Science. He sees himself working as a software engineer in a large company making operating systems.

Jennyfer Rodriguez, from Colombia and is studying English for Academic Purposes at the Language Centre. Jennyfer's journey to Canada has been full of challenges but acknowledges that her lack of language proficiency is her greatest barrier to success in her new home. Jennyfer hopes to improve her language skills in order to further her education and work in a position where she can help others.
