Name: Craig Campbell

Position/Title: ESL Instructor (University Bridging Level 4)

Years at the USLC: 20 years

What do you love about working at the USLC? I love working with such a diverse group of dedicated students. My UB students inspire me as I see them take on the challenges of both the English class and a university course and watch them gain confidence and succeed in their studies.

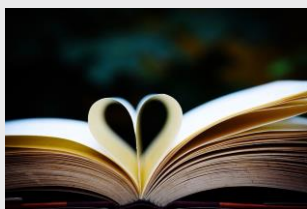

What is your favourite book to read? *And Then There Were None* (1939), by Agatha Christie, is not only a cracking good read, but it also is a classic mystery about 10 people trapped on an island and being murdered one by one. On a deeper level, this novel deals with racism, colonialism, and justice. Try to get an older (before 1987) edition of the book and avoid the many movie and computer game adaptations.

Recommended place to visit I am always drawn back to Scotland, the land of my ancestors. I love learning its dramatic history, exploring its beautiful landscapes, and experiencing the lands, castles, and towns where my family lived. I have even had my DNA tested – I am 80% Scottish and 20% Viking!

What is your favourite movie? *A Night to Remember* (1958) is an exciting, documentary-like retelling of the sinking of the “unsinkable” Titanic after hitting an iceberg on her first voyage. More than just a disaster film, it is a compelling social commentary on the class system of the time. This movie is free on Youtube!
